Parent Involvement Plan Summary

2017-2018

We believe that a partnership must exist between our parents and our school. We promote positive communication between the school and our students' homes. The school provides a variety of opportunities for parents to be involved in activities supporting our school. We believe teachers have a responsibility to provide the needed framework for parents to nurture their child's formal instruction at home. We will provide materials that can successfully be used at home to reinforce the academic success of children. The district will reserve a minimum of 1% of the Title I, Part A allocation for parental involvement (\$24,058). It is our goal to provide an atmosphere where parents are able to express their views and to assist in problem solving. We want parents to understand that we view them as joint policy and decision makers and plan to emphasize their roles as advocates.

Our goals for this school year are as follows:

School staff will use a variety of communication strategies to provide additional information to parents and to increase parental involvement in supporting classroom instruction.

Annual report to the public, informational packets for each parent, survey for parent regarding his/her interests in volunteering, school program guide, parent workshops, newsletters, Remind 101, school's social media sites, report cards, and orientation for new students.
